Troubleshooting Tip:

Symptom: After typing in the username, password, and clicking on log in, you may be returned to the log in screen rather than entering the CRCT system.

Reason: Your home computer is blocking you from the CRCT site due to a pop-up blocker installed on your computer.

Solution: Turn off the Pop-up blocker or type in the username and password. Hold down the Ctrl key while clicking on Log in. This will allow you to get by the blocker on your computer.

CRCT Tests will be given in April, 2012
